No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

## Says Fat People Now Rejoice

Testimony Proves Arbolone Safe, Sure Reducer.

Enjoys Wide Sale Amongst Educated Wealthy Set.

The physician who originated the Anti-Fat treatment known to physicians and druggists as five-grain tablets Arbolone is being praised and thanked by scores of women in the class known as "society devotees." A literary woman in Los Angeles, being so highly elated over her success in reducing, has written a clever little poem, which recites the facts and expresses deep gratitude as well. To safely and surely reduce from 20 to 60 pounds is easily accomplished when tablets Arbolone are used regularly. They are not drastic or dangerous, used as directed, but simply and surely dissolve the fatty elements and eliminate from the system. Also, they remove the craving for such foods as are not desirable for fat folks to use. Herein, Arbolone is superior to all other anti-fat medicines, as it automatically overcomes the abnormal, perverted appetite for starchy foods, etc. Sold by all druggists in sealed tubes with full directions.—Adv.

## There's No Picture Like the Picture of Health

The greatest masterpiece in the Art Gallery of Life is Nature's "Picture of Health."

It is a marvellous portrayal of the human body at its best. One beholds in its composite details a true symbol of strength. It presents a figure of striking appearance in its erect carriage, clear skin, sparkling eyes, strong limbs, steady nerves and firm muscles fairly vibrating in animation—keen, alert, fresh, and spirited; with an air of unbounded confidence and a face radiant in color and illumined with a glow of hope and cheerfulness.

Could Nature have taken you for her model? Suppose you study yourself in the mirror, the present and compare your looks, your features and your condition with the general characteristics of this picture of the human body in perfect working order, all parts of which are sound, well organized and disposed performing their functions freely, naturally. If you fall in any single point of resemblance, you are not the picture of health. It is imperative, then, that you look to a means to rebuild your strength, energy and vigor—to bring your body up to a normal state of efficiency in all of its parts.

**LYKO**

The Great General Tonic

Nothing is more efficacious as a restorer of exhausted nerves and physical forces than LYKO, the great general tonic. It tends to reduce the worn-out tissues, replace the blood, create new power and energy, and revive the spirits of those who are weak, frail, languid and over-weighted as the result of sickness, over-exhaustion, worry and work. It is a reliable appetizer, a splendid aid to digestion and a fine functional restorer of the liver, kidneys and bowels.

All druggists sell LYKO. Get a bottle TO-DAY and you'll commence to look more like the picture of health.

Wichita Grocer Shot, His Wife and Then Commits Suicide.

Wichita, Kan., May 7.—John G. Shacklett, a grocer, Thursday shot and wounded his wife here and then took his own life with the shotgun with which he had shot her.

He then went to the barn and shot himself in the mouth, dying on the way to a hospital.
